Summary

Curious and driven developer with a focus on front-end and a growing foundation in full-stack development. I enjoy building clean, responsive websites that are easy to use and solve problems. I'm always learning, love working with others, and look forward to being part of a team where I can grow and contribute.

Technical Skills

Languages: HTML, CSS, JavaScript
Skills: React, Node.js, MySQL, MongoDB
Tools: Git, GitHub, RESTful APIs, Command Line

Projects

Ollisander's Wand Store | https://github.com/Ksteed8859/wizard-wands **|**

- Created a full-stack web application with product customization and purchasing features, using MERN stack. Developed in collaboration with a group of developers.

Weather Dashboard | brenda255.github.io/weather-dashboard/

- Built a weather dashboard where users can search any city to see current and upcoming weather conditions.

Gourmet | brenda255.github.io/gourmet/

- Gourmet is a recipe-sharing app that lets users save, share, and organize their favorite meals into a personalized digital cookbook. Developed in collaboration with a group of developers.

Experience

Tenant Services Coordinator
Unico | Salt Lake City, UT • Aug 2022 – Mar 2023

- Worked closely with tenants and management to quickly sort out and resolve any issues.
- Took care of billing for service contractors, making sure all records were accurate and up to date.
- Helped inspect buildings regularly to catch maintenance issues early and keep everything running smoothly.

Financial Services Team Lead
UHEAA | Salt Lake City, UT • Oct 2015 – Jul 2022

- Led a team of 5+, encouraged skill growth, and implemented more efficient processes.
- Built rotating schedules that gave team members the chance to learn new financial tasks and grow their skills.
- Provided hands-on training and daily support to make sure team members felt confident handling different financial processes.

Education

Certificate in Full-Stack Web Development
University of Utah | SLC, UT | April 2023
